

"Biruni" Graduate Student Research Award

Purpose:

To promote and recognize outstanding research by a physics graduate student of Iranian heritage who is currently studying in one of the institutions of higher education in USA. Iranian American Physicists (IrAP) Network Group is announcing 2014 Biruni Graduate Student Research Award (GSRA) to be submitted at the American Physical Society (APS) March meeting 2014 in Denver, Colorado. Award includes a cash prize.

Qualification:

A physics graduate student of Iranian heritage in USA in her/his senior year of graduate school (MS or PhD) who is studying at any institute of higher education/national laboratory/industry is encouraged to apply for this award. Recent graduates (sooner than May 2013) could also apply. The graduate student who applies for this award must be a member of IrAP network group. Please check www.irapnetwork.org for more details about IrAP network group's bylaws, membership application form, and the Biruni award history and qualification criteria.

Nomination and Application Materials:

Each applicant has to be nominated by her/his MS/PhD adviser or head of the department. A letter of nomination should be accompanied with details of the importance and impact of the applicant's research. All the application materials shall be submitted by February 7th 2014 to the award coordinator member of the IrAP network group council to be considered for 2014 Biruni award. Applicants are encouraged to send all relevant materials in PDF format via email (the letter of recommendation has to be emailed directly to the award coordinator member of the IrAP network group council):

- 1- A letter of nomination by MS/PhD advisor or head of the department detailed over the applicant's research.
- 2- CV (not more than 2 pages) including the peer reviewed publications list (published or submitted).
- 3- A letter of recommendation from a faculty/researcher who is familiar with the applicant's work or who has been collaborated with the applicant on her/his research (not the MS/PhD adviser). This letter has to be sent directly to the IrAP network group award coordinator.
- 4- PDF copies of the published / submitted papers to peer-reviewed journals, or the pre-prints of the articles under preparation (2 papers maximum).
- 5- Late submission of the documents will not be acceptable (no exception).
- 6- The documents requested are restricted to the maximum limit described. Additional recommendation letters or publications will not be considered.

We suggest that the applicants send their materials soon and don't wait till the deadline date to allow the reviewing committee plenty of time for review.

Success Criteria:

The review committee seeks the following qualifications among the candidates:

- Originality
- Independence
- Trendsetting
- Ownership
- Thoroughness / appropriate attention to details
- Teamwork spirit among experimenters
- Perspective views on future applications/impacts of the research and direction of future work.
